Kitchener Climate Controlled Wine Cabinets

Kitchener K430

The Kitchener 430 bottle wine cabinet is for those who wish to house a larger collection. They operate on a patented Peltier Thermo-Electric principal with a result that there are no vibrating condensers, and no moving parts other than one single fan motor. These cabinets are designed with patented equipment to ensure the retention of adequate humidity levels, and are excellent "per bottle" value for money.

Single temperature with a range from 12 to 18 Degrees
Dimensions: Height: 1860
Width: 1160
Depth: 730

Kitchener K430 (Single zone - solid door) Price \$4,950
